## THE HUB IN HONG KONG

In a globally competitive environment, your business is constantly under pressure to stay sharp, fast and competitive. For wholesalers and retailers, this means delivering the right product, at the right time, at the right price. That's where 20Cube's Hong Kong warehouse solution can give your supply chain a sharper competitive edge.

**THE RIGHT PRODUCT  
AT THE RIGHT TIME  
AT THE RIGHT PRICE**

## A PERFECT FIT FOR FASHION

For online retailers, particularly in apparel and fashion accessories, our state-of-the-art facility in the free trade port of Hong Kong, provides a fast, accurate and cost-effective way to deliver products to the larger markets of the USA, Canada, Europe and Asia without the goods entering Australia, only to be re-shipped out again.

And for businesses that require pick and pack services to fulfill retail or wholesale orders, our on-ground teams can supervise assembly and ship the packed units directly to store or online customer anywhere in the world, bypassing the need to warehouse and handle in Australia.

So no matter the final destination for your product, The Hub in Hong Kong can sharpen your supply chain and your competitive edge. Time and cost savings include;

- ✓ A shift from a fixed cost operation to manageable variable costs
- ✓ Eliminating the need for warehousing in Australia
- ✓ Competitive costs for pick and pack operations
- ✓ Reduced handling and transport costs
- ✓ Reduced rent and labour costs
- ✓ Time savings allowing you to focus on core business
- ✓ Customer satisfaction through faster, accurate fulfilment
- ✓ Proximity to vendors/suppliers via 20Cube's Asian network and China offices
- ✓ Reducing duties and taxes on imports and exports

**NO MATTER THE FINAL DESTINATION  
FOR YOUR PRODUCT, THE HUB IN HONG  
KONG CAN SHARPEN YOUR SUPPLY  
CHAIN AND YOUR COMPETITIVE EDGE.**

## BEHIND THE HUB

Supporting The Hub in Hong Kong is an organization that has its own offices in ten countries and an agency network of partners globally to manage our clients' freight forwarding requirements.

20Cube Australia with its offices in Brisbane, Sydney and Melbourne is a reputable Customs Brokerage who has a team of experienced Customs Brokers with over 30 years of experience assisting Clients with Customs consulting, and Customs and Quarantine barrier clearance.

20Cube Australia is also a fully accredited Australian Trusted Trader, which is a program that is focused on regulatory compliance that intends to deliver a range benefits to Importers and Exporters.

Our expertise across different geographies makes 20Cube a valuable partner for Clients, that supply Australian and international retail. Our global logistics teams work closely with local management teams in different countries to provide local knowledge and eyes on the ground for quality control.

With established local connections and expertise in the challenges of sourcing, shipping and managing products from manufacturers, 20Cube provides retailers with solutions that are evidence-based, scalable and adaptable to market conditions.

## HIGHLIGHTS OF THE HUB

### OFF SHORE BOUTIQUE WAREHOUSING

- ✓ Boutique style warehousing with limited customer base for efficient inventory management and consistent customer service levels at all times.

### PROXIMITY TO SOURCE

- ✓ With apparel and fashion accessories being assembled closer to the source of production, logistical costs are reduced and time saved.

### SOPHISTICATED PICK AND PACK SERVICES

- ✓ Supported by a highly customized barcoded warehouse management system that maintains a consistent 99.99% accuracy.

### PRE-RETAIL SERVICES

- ✓ Labelling and packaging of multi-vendor components and manual inclusion of relevant components for any product SKU.

### DIRECT TO DESTINATION

- ✓ Product sourced, picked, packed and delivered direct to store or online customer anywhere in the world. No warehousing or handling in Australia required.

### REVERSE LOGISTICS

- ✓ Improved customer service response times with managed process for product returns, repairs, maintenance, recycling or disposing of inventory.

### FREE PORT STATUS

- ✓ Hong Kong's free port status supports and encourages free movement of goods, without the bureaucracy of Customs and other regulatory bodies that can impede the smooth functioning of a logistics hub. It also means imports and exports are free from duty and taxes.
